When a new star floats into the field of vision of some watchill astronomer, the world honors the discoverer, gives the new star a fitting name, and records the addition to the sum of human knowledge gained by this discovery. Yet of what small profit to humanity at large is this discovery? What will those cold star rays do for the sleepless sufferer who coughs and burns the long night through?

A far greater discovery for the sick is Dr. Pierce's Golden Medical Discovery, a remedy which has cured thousands of such sufferers. Obstinate and deepseated coughs, bronchitis, weak and bleeding lungs and other conditions, which, if neglected lead to consumption, are permanently cured by "Golden Medical Discovery." It contains no alcohol or other intoxicant, neither opium, cocaine nor other narcotic. Progressive Neighbor. The men's supper at the Presbyterian church last evening was a mammoth affair in every respect. The church was profusely decorated with bunting and plants, while adorning the tables chrysanthemums were strewn prochurch was brilliantly iluminated for the first time and each guest was en-tertained royally. Special credit is due the ice cream department for the extra-ordinary natty appearance it present-ed. A large sum was realized, which will go towards paying the church debt.

This afternoon on the Seabright rounds the strong high school team of This atternoon on the beauges grounds the strong high school team of this city, and a representative team of the schools of Weilsburg, will contest for supremacy. Physicians Prescribe "Hyomei."

THIRTY-ONE THOUSAND DRUGGISTS

Over One Million People Use It Daily During the Winter Months.

WHY?

Because It is Known to Physicians as the Only Germicide Which Can Be Inhaled.

BECAUSE

It is Known to the Druggists as the Only Adver tised Treatment Ever Endorsed by the Medical Profession.

THE PEOPLE USE IT

Because They Know It Will Cure Them of Catarrh, Bronchitis, Asthma and Consumption, or Their Money Will Be Refunded.

For the benefit of the hundreds of men and women who cannot understand the wonderful success of "Hyome!" in curing diseases of the air passages and lungs, and its adoption by the medical profession throughout the country, we will covain the country.

lings, and its adoption by the medical profession throughout the country, we will explain:

This treatment was founded upon the knowledge that air, and dry air only, can enter the bronchial tubes and lungs; it at once commended itself to all scientific and medical men, who, after a few trials, found in "Hyomei" a new germicide of sufficient power to kill at once the bacilli of catairth bronchitis and consumption, and at the same time volstile enough to impregnate every particle of air breatfied by the patient, yet leaving it free from moisture, thus enabling the cure to reach every part of the passages in the head and throat and penetrate to the minutest air cells in the lungs. THIS HAD NEVER BEFORE BEEN ACCOMPLISHED, and the results which followed showed that at last the true treatment for diseases of the respiratory organs had been found. This was but a few short months ago, yet to-day the R. T. Booth Company can produce fifty testimonials for every one shown by any treatment heretofore known, although they have been in existence for years.

The reason for this is plain. First moisture of any kind cannot enter the bronchial tubes or lungs, consequently the treatments given with sprays, douches, atomizers or vapors do not reach the diseased parts. Secondly, the bacilli of catarrh, bronchitis and consumption grow with almost inconceivable rapidity in a few hours; hence, treatments, even once every day, cannot prevent their increase; whereas, Booth's Inhaler, carried in the pocket, can be used at all times and in any place, every inhalation carrying death to the germs which cause the disease. These removed, the healing of the mucous membrane begins and continues until a permanent cure is effected, which seldom requires but a few weeks in the most severe cases.

IT IS GUARANTEED.
